Bratasz	Lukasz	M	EVALUATOR	PL	Teh National Museum in Krakow	Poland	Krakow	Tangible cultural heritage // Movable patrimony conservation treatments // Humanities // Heritage preservation // Environmental physics // Cultural heritage
Cieplak	Marek	M	EVALUATOR	PL	Institute of Physics, Polish Academy of Sciences	Poland	Warsaw	Statistical physics // Nanotechnology // Molecular biology // Condensed matter properties // Computational biology // Biotechnology // Biophysics
Felba	Jan	M	EVALUATOR	PL	Wroclaw University of Technology	Poland	Wroclaw	Nanotechnology // Electronics, photonics // Electronic engineering
Gadomska	Ina	F	EVALUATOR	PL	Sandoz	Poland	Lodz	Technology transfer // Supply chain management // Strategic management // Quality management // Project management and coordination // Programme/project/thematic/monitoring // Production technology, process engineering // Pharmaceutical technology // Leadership development // IT skills and competence // Innovation strategies // Innovation methodologies // Drugs analysis // Business strategies // Business plan // Business development // Biotechnology // Bioprocessing technologies (industrial processes relying on biological agents to drive the process) biocatalysis, fermentation // Biochemistry // Application assessment
Kargol	Marta	F	EVALUATOR	PL	Nanotechnology Department, Wroclaw Reserach Centre EIT+	Poland	Wroclaw	Surface chemistry // Porous Materials // Polymer technology // New materials: oxides, alloys, composite, organic-inorganic hybrid, nanoparticles // Nanotechnology, nano-materials, nano engineering // Nanotechnology // Nanosystems // Nano-materials (production and properties) // Nanobiotechnology // Materials technology // Materials engineering (biomaterials, metals, ceramics, polymers, composites, etc.) // Lightweight structures // Intelligent materials, self-assembled materials // Hybrid energy systems // Energy technology // Energy storage // Energy saving // Construction technology // Concrete technology // Building construction
Momot	Jaroslaw	M	EVALUATOR	PL	Medical University	Poland	Lublin	Venture operator // Technology transfer // Technology commercialisation // Seed capital // Research to business // Quality of adult learning // Promotion and advertising // Project financing // Marketing strategy // International cooperation // Financial and budgetary analysis // Feasibility analysis // Event moderation // Entrepreneurship // Continuing professional training // Business plan // Business coaching and mentoring // Business analysis // Application assessment // Angel investment
Pisz	Rafał	M	EVALUATOR	PL	DATAx Sp. z o.o.	Poland	Wroclaw	Wireless systems // Wireless communications, communication, high frequency, mobile technology // Supply chain management // Software technology // Logistics // Internet technology // E-commerce, e-business, computational finance // E-business
Roberts	Dorota	F	EVALUATOR	PL	Lonza Biologics Ltd.	United Kingdom	Slough	Thermodynamics // Synthetic biology, chemical biology and new bio-engineering concepts // Surface chemistry // Programme/project/thematic/monitoring // Production technology, process engineering // Particle physics // Nanotechnology, nano-materials, nano engineering // Molecular Modelling // Molecular biophysics // Macromolecular chemistry // IT skills and competence // Industrial bioengineering // Fluid dynamics (physics) // Event moderation // Biotechnology // Bioprocessing technologies (industrial processes relying on biological agents to drive the process) biocatalysis, fermentation // Biomaterial engineering // Applied genetic engineering, transgenic organisms, recombinant proteins, biosensors // Application assessment
Sielamowicz	Irena	F	EVALUATOR	PL	Composite Silo Systems "ORCHIDEA"	Poland	Bialystok	Wind energy technology // Transport infrastructure // Technological sciences // Structural mechanics // Structural engineering // Solar thermal technology // Road engineering // Numerical analysis // Nanotechnology // Metrology // Mechanical engineering // Infrastructures engineering // Industrial technology // Industrial hazards // Industrial engineering // Industrial chemistry // Flood prevention // CREATIVE EUROPE // Construction technology // Biofuels
