

Expert Family Name	Expert First Name	Expert Gender	Expert Type	Expert 1st Nationality Code	Most Recent Employer Name	Most Recent Employer Country	Most Recent Employer City	Skills and Competences
Andrzejczak	Mariusz	M	EVALUATOR	PL	BUMAR/ Polish Defence Holding	Poland	Warsaw	Technology development // Technology commercialisation // Systems Engineering and Integrated Systems Design // Systems Engineering and Design Management // Protection of areas and infrastructures // Project management and coordination // New industrial value chains // Machine learning, statistical data processing and applications using signal processing (e.g. speech, image, video) // Integrated systems of systems // Integrated platforms and systems and Human Factors // Innovation strategies // Innovation Management Consulting // Innovation Management Assessment // Entrepreneurship // Emerging industries // COTS/MOTS/GOTS system based integration // Control and surveillance of areas // Concurrent Engineering and Reduced Design Cycle // Business plan // Business analysis
Bosy	Jaroslaw	M	EVALUATOR	PL	Wroclaw University of Environmental and Life Sciences	Poland	Wroclaw	Earth observations from space/remote sensing
Krukowski	Artur	M	EVALUATOR	PL	RFSAT Ltd	United Kingdom	Sheffield	Technologies-Components // Systems-Services Functions // Scenario and decision simulation // Remote sensing // New technologies for Audio-Visual sector - Media // Networks (communication networks, sensor networks, networks of robots, etc.) // Multimodality // Mission Capabilities // Medical engineering // Marine engineering // Long term health hazard prevention in security related situations // Integrated platforms and systems and Human Factors // ICT based learning // Event moderation // Equipments and sub systems // Energy, fuels and petroleum engineering // Electrical and electronic engineering // Computer hardware and architecture // Communication engineering and systems telecommunications // Automation and control systems
Lejba	Pawel	M	EVALUATOR	PL	Space Research Center of the Polish Academy of Sciences	Poland	Kornik	Positioning calculation / Techniques // Other satellite navigation systems (DORIS, IRNSS, QZSS) // Ground based Instruments / Telescopes: design, construction, and operation // GPS (NAVSTAR) // GLONASS // Geographical and positioning technologies, satellites // GALILEO // BEIDOU / Compass
Nawalany	Marek	M	EVALUATOR	PL	Warsaw University of Technology	Poland	Warsaw	Water system modelling // Water science // Water resources // Water quality monitoring // Water // Remote sensing // Integrated management of water // Hydrology, water and soil pollution // Hydrology // Environmental sciences // Environmental science // Earth observations from space/remote sensing
Orleanski	Piotr	M	EVALUATOR	PL	FHNW	Switzerland	Windisch	Satellite technology // Remote sensing // Opto-electronic components // Multisensory technology, multi-sensing // Mixed-signal design // Electronic engineering // Aircraft systems and equipment
Piesiewicz	Radoslaw	M	EVALUATOR	PL	INNOMI	Poland	Gdynia	Technology transfer // Technology commercialisation // Technology assessment // Technologies-Components // Systems-Services Functions // Space technology domain // Space segments // Report assessment // Numerical analysis, simulation, optimisation, modelling tools, data mining // Innovation support services // Innovation Management Assessment // Entrepreneurship // Electrical and electronic engineering // Education // Communication technology, high-frequency technology // Communication engineering and systems telecommunications // Business strategies // Business development // Application assessment // Academic profile
Pietrzak	Agnieszka	F	EVALUATOR	PL	University of Social Sciences and Humanities	Poland	Warsaw	Strategic management // Space R&D // Space and society // Social innovation // Project management and coordination // Open innovation // Leadership/managers training // Leadership development // Innovation Management Consulting // Innovation Management Assessment // Geo-information and spatial data analysis // Environmental sciences // Entrepreneurship education // Earth observations from space/remote sensing // Crisis management operations
Sobstel	Jerzy	M	EVALUATOR	PL	Sostel	Poland	Gliwice	Systems engineering, sensorics, actrics, automation // Surveillance // Space services and products // Sensor Equipments // Risks assessment, modelling and impact reduction // Risks and vulnerabilities assessment // Risk reduction // Protection of assets in and from Space // Programme/project/thematic/monitoring // Physical access control and Electronic Authentication Equipment // Navigation, guidance, control and tracking // Localization // Intelligent Transport Systems (ITS) // Identification equipment // Ground equipments subsystems // Global Satellite Navigation System (GNSS) / Services & Applications // Event moderation // Electrical and electronic engineering: semiconductors, components, systems // Civil first responders protection // Application assessment
