

Expert Family Name	Expert First Name	Expert Gender	Expert Type	Expert 1st Nationality Code	Most Recent Employer Name	Most Recent Employer Country	Most Recent Employer City	Skills and Competences
Andrzejczak	Mariusz	M	EVALUATOR	PL	BUMAR/ Polish Defence Holding	Poland	Warsaw	Technology development // Technology commercialisation // Systems Engineering and Integrated Systems Design // Systems Engineering and Design Management // Protection of areas and infrastructures // Project management and coordination // New industrial value chains // Machine learning, statistical data processing and applications using signal processing (e.g. speech, image, video) // Integrated systems of systems // Integrated platforms and systems and Human Factors // Innovation strategies // Innovation Management Consulting // Innovation Management Assessment // Entrepreneurship // Emerging industries // COTS/MOTS/GOTS system based integration // Control and surveillance of areas // Concurrent Engineering and Reduced Design Cycle // Business plan // Business analysis
Dubel	Anna	F	EVALUATOR	PL	Centre for Systems Solutions Association (CRS)	Poland	Wroclaw	Water resources // Water policy // Water management // Water economics // Water-climate interactions // Strategic management // Project management and coordination // Natural resources and environmental economics // Integrated management of water // Integrated environmental assessment // Generic skills // EU studies // EU research policy // Research policies in the EU // Environmental sciences (social aspects) // Environmental sciences // Economics, Econometrics // Climatology and climate change // Business and Management // Behavioural change campaigns // Agricultural economics
Dziurdzia	Piotr	M	EVALUATOR	PL	City Council in Bochnia	Poland	Bochnia	Types of innovation // Technology // Renewable energy sources // Remote sensing // Public sector innovation // Nano-materials (production and properties) // Micro (system) engineering // Innovation policy // Generic skills // ERASMUS+ // Engineering // Energy storage // Energy, fuels and petroleum engineering // Energy Efficiency // Energy education and training // Electrical and electronic engineering: semiconductors, components, systems // Electrical and electronic engineering // Computer hardware and architecture // Computer architecture, pervasive computing, ubiquitous computing // Communication engineering and systems telecommunications
Jarzewicz	Agnieszka	F	EVALUATOR	PL	Akademia Pomorska (Academia Pomeraniensis)	Poland	Slupsk	Violence, conflict and conflict resolution // Transformation of societies, democratization, social movements // Structures vulnerability prediction // Sociology of development // Social structure, inequalities, social mobility, interethnic relations // Political systems and institutions, governance // Political & Cultural, ethical and religious analysis // Philosophy, history of philosophy // Multinational and Inter-organisation analysis and planning and operation // Legal & Ethical constraints // Knowledge management applied to Security issues // Human behaviour modelling and simulation // Hazard assessment // Global and transnational governance, international law, human rights // Gender in political sciences // Evacuation and consequence management techniques // Distribution Logistics (e.g.maintaining distribution logistics in cases of severe crises) // Crisis management and Conflict Simulation // Communication networks, media, information society
Lewoszewski	Marcin	M	EVALUATOR	PL	CMS Cameron McKenna Dariusz Greszta Sp. k.	Poland	Warszawa	Privacy policies // Privacy // Data protection and privacy
Lojek	Krzysztof	M	EVALUATOR	PL	Police Academy in Szczytno	Poland	Szczytno	Urban sociology // Management of urban areas // Manage judicial police operations // Environmental design // Criminology // Criminal law // Building design // Architecture, smart buildings, smart cities, urban engineering
Omarska	Grazyna	F	EVALUATOR	PL	consilia-eu	Poland	Warszawa	Public administration // EU research policy // Research policies in the EU
Ulinowicz	Martyna	F	EVALUATOR	PL	PIT-RADWAR S.A.	Poland	Warsaw	Very large data bases: archiving, handling and analysis // UAV // Systems engineering, sensorics, actronics, automation // System integration // Simulation tools and technologies // Science / Robotic Exploration // Robotic system development // Robotics for manufacturing // Networks (communication networks, sensor networks, networks of robots, etc.) // Navigation, guidance, control and tracking // Modelling and knowledge engineering // Machine learning, statistical data processing and applications using signal processing (e.g. speech, image, video) // Intelligent robotics, cybernetics // Integrated Design & Validation (methods & tools) IDV // Industrial robot // Industrial Automation and Robotics, mechatronics // GALILEO // Experimentally-driven research and innovation // Data mining and searching techniques // Aeronautical Design and Systems Integration
Wiecek	Dariusz	M	EVALUATOR	PL	National Institute of Telecommunication	Poland	Wroclaw	Wireless systems // Wireless communications, communication, high frequency, mobile technology // Terrestrial mobile technology // Telematics // Telecommunications technology // Rail Communication Technology // Radio Frequency / Microwave Communications // Network technology // Network technologies // Internetworking // Networks beyond 3G // Networked audiovisual systems // Narrow band technology // International cooperation // Intelligent Transport Systems (ITS) // Innovation in learning // FIRE, Future Internet Research and Experimentation // Communication technology // Broadband technology // Application of New technologies to the Audio-Visual distribution
Zweglinski	Tomasz	M	EVALUATOR	PL	The Main School of Fire Service	Poland	Warsaw	Technologies-Components // Systems-Services Functions // Social sciences // Security services // Quantitative analysis of large scale international surveys // Public administration // Policy and Support // Organisation theory // Mission Capabilities // IT skills and competence // Integrated platforms and systems and Human Factors // Event moderation // Equipments and sub systems // Environmental protection // Education, general (including training, pedagogy, didactics) // Education // Conducting educational research // Application assessment
