The proposed research/project description

(up to 1000 characters)

The Department in its scientific and expert work addresses the issues of broadly understood management in both the enterprise sector and the public sector. At the same time, it wants to focus on building new management solutions as well as providing advice to external stakeholders. We are open for comparative research on selected topics, exchange of experience and transfer of good practice.

Additional information (key Persons and Expertise; additional trainings, research programme, other)

(up to 1000 characters)

The staff of the Department are experienced researchers and experts. They participated in a number of karate projects (Integrated Regional Development Operational Programs, EU-funded projects for Poland) and international programs (Polish-American Freedom Foundation, International Visegrad Program).

As part of didactic activities employees conduct classes at the first Jagiellonian University studies in English and participate in exchanges Erasmus for Teacher.
